Aldерwoman Kathy Hall called the Economic Development meeting to order at 4:15pm. Aldерwoman Hall noted the reason for this meeting was to recommend the Commercial and Residential Façade programs for the 2018-2019 Fiscal Year. Aldерwoman Hall noted for the 2018-2019 that \$50,000 had been budgeted for the Commercial program and \$15,000 had been budgeted for the Residential. Aldерwoman Hall noted that both of these programs have been very successful and over the years we have only had one default and that was repaid to the City. It was the recommendation of the Committee to move the Commercial and Residential Façade programs to the 17 April 2018 agenda.

Aldерwoman Hall announced that there were no other items on Economic Development agenda and the meeting adjourned at 4:27pm

Respectfully submitted
